

FINANCIAL DASHBOARD :

Using Slicer:-

? Year Slicer:

Allows users to switch between **2013** and **2014** to compare yearly sales and profit trends.

? Month Slicer:

Filters data by specific months to analyze **seasonal performance** and identify peak periods (e.g., October).

? Product Slicer:

Lets users focus on individual products like *Velo*, *Paseo*, *Carretera*, etc., to check their sales, profit, and quality metrics.
